

## Nonprofit Provisions in the North Carolina State Budget for FY2021-2023

Revised: December 9, 2021

Items in green indicate better provisions for nonprofits, and items in red indicate problematic provisions for nonprofits. Appropriations to individual nonprofits are generally not marked in green.

Issue	Provision in State Budget
<b>Total spending</b>	<ul style="list-style-type: none"> <li>\$25.9 billion in FY 2021-22 and \$27.0 billion in FY 2022-23</li> </ul>
<b>Total new funding for nonprofits</b>	<ul style="list-style-type: none"> <li><b>\$752.0 million in total new support for nonprofits.</b></li> <li><b>\$429.0 million in new support for nonprofits' operations, programs, and services.</b></li> <li><b>\$323.1 million in support for building projects at nonprofits.</b></li> </ul>
<b>American Rescue Plan Act (ARP) funding</b>	<ul style="list-style-type: none"> <li>Spends the majority of the state's \$5.7 billion in ARP funds</li> <li>ARP funds to nonprofits will be disbursed on a quarterly basis unless the Office of State Budget and Management determines that cash flow or the nature of the program requires a different disbursement schedule.</li> </ul>
<b>ARP local government funding for nonprofits</b>	<ul style="list-style-type: none"> <li><b>No provision to expressly allow counties and municipalities to use ARP funds for grants or assistance to nonprofits.</b></li> </ul>
<b>Nonprofit sales tax refunds</b>	<ul style="list-style-type: none"> <li><b>Preserves nonprofit sales tax refunds but does not convert them to the process to point-of-sale exemption.</b></li> <li>No provision for sales tax changes for CCRCs. The House budget would have exempted CCRCs from collecting and remitting sales tax on taxable goods and services provided to their residents and would have allowed CCRCs that collected and remitted these sales taxes to apply for refunds if requested by their residents.</li> </ul>
<b>Incentives for charitable giving</b>	<ul style="list-style-type: none"> <li><b>Allows nonprofit donors to take a state tax deduction for the first \$300 of their charitable contributions (for individuals) and the first \$600 of their charitable contributions (for married couples) in 2021.</b></li> <li><b>Limits state charitable deductions to 60% of taxpayers' adjusted gross income in 2020 and 2021.</b></li> <li><b>Otherwise, keeps the charitable deduction uncapped.</b></li> </ul>
<b>Tax deductions</b>	<ul style="list-style-type: none"> <li>Increases the standard deduction (or zero tax bracket) by 18.5%.</li> <li>Increases the state child tax deduction by \$500 per year, effectively reducing families' taxes by \$20-\$25 per child.</li> </ul>
<b>Tax rates</b>	<ul style="list-style-type: none"> <li>Reduces individual income tax rate from 5.25% to 4.99% in 2022, 4.75% in 2023, 4.6% in 2024, 4.5% in 2025, 4.25% in 2025, and 3.99% after 2026.</li> <li>Reduces the corporate income tax rate from 2.5% to 2.25% in 2025, 2.0% in 2026 and 2027, 1% in 2028, and 0% after 2028. Nonprofits pay state corporate income tax on unrelated business income.</li> <li>Reduces franchise tax rates for businesses. Nonprofits are exempt from franchise tax.</li> <li><b>Overall, these tax reductions are projected to reduce state revenue by around \$10 billion over the next five years and by about \$8 million annually once they are fully implemented in 2029. These revenue reductions could mean long-term challenges for state funding of nonprofits.</b></li> </ul>
<b>COVID relief for nonprofits</b>	<ul style="list-style-type: none"> <li><b>Does not create a nonprofit relief fund.</b></li> <li>Provides direct appropriations to certain nonprofits for COVID relief (see other items in this chart).</li> </ul>

Issue	Provision in State Budget
	<ul style="list-style-type: none"> <li>Overall, appropriations to nonprofits for COVID relief far exceed the \$75 million that the Center had requested for a nonprofit relief fund.</li> <li>The Senate budget would have used \$1 billion in ARP funds to create the Job Opportunity and Business Saving Grant Program (JOBS Program). The JOBS Program would have made automatic grants to nonprofits and businesses that received Paycheck Protection Program loans, Economic Injury Disaster Loan advances, Job Retention Program grants, Shuttered Venue Operators Grants, or Restaurant Revitalization Fund support. Nonprofits and businesses that received any of these sources of COVID-19 relief would have received additional state grants valued at 7.5% of the amount of their federal or state relief. The maximum grant awards would have been \$18,750 per entity (for nonprofits that received \$250,000 or more from the PPP, EIDL, SVOG, Job Retention Program, and/or Restaurant Revitalization Fund). Instead of creating the JOBS Program, the final budget provides state tax deductions for the amount of their forgivable Paycheck Protection Program loans, Economic Injury Disaster Loan advances, or Shuttered Venue Operators Grants received by individuals or businesses. Because nonprofits do not pay state income tax on these sources of support, this tax deduction provides no support to nonprofits.</li> <li>Uses \$500 million in ARP funds to provide grants to businesses in the entertainment and hospitality industries that had a 20% economic loss and to other businesses that had a 20% economic loss and haven't received other federal or state support for economic recovery from the pandemic. Most nonprofits are not eligible for these grants. However, nonprofits that pay state unrelated business income tax (UBIT) are eligible if they meet the other grant criteria.</li> </ul>
Nonprofit salaries	<ul style="list-style-type: none"> <li>Includes a requirement that nonprofits may not spend more than \$120,000 per year in state funds on any individual's salary.</li> </ul>
Disbursement of grants and appropriations to nonprofits	<ul style="list-style-type: none"> <li>Provides that one-time state grants and appropriations to nonprofits of \$100,000 or less may be disbursed as a single payment and that larger grants or appropriations may be disbursed as monthly or quarterly payments.</li> <li>Requires state agencies to pay out these grants or appropriations as soon as possible and no later than 100 days after the state budget is enacted.</li> <li>One-time funds to nonprofits do not revert to the state (if unused) until June 30, 2023.</li> </ul>
Nonprofit earmarks	<ul style="list-style-type: none"> <li>Includes a variety of appropriations for specific nonprofits.</li> </ul>
Competitive grants for nonprofits through the NC Department of Health and Human Services (DHHS)	<ul style="list-style-type: none"> <li>Provides \$700,000 per year in additional recurring funding (\$1.4 million over two years) to be divided equally between North Carolina Senior Games, Special Olympics North Carolina, and Cross Trail Outfitters.</li> <li>Makes no changes for other nonprofits.</li> </ul>
Grant reporting for health and human services nonprofits	<ul style="list-style-type: none"> <li>Requires health and human services receiving one-time grants to report on the use of grant funds by July 1, 2022 (for FY2021-22) and July 2, 2023 (for FY2022-23).</li> </ul>
Nonprofit contract issues with DHHS	<ul style="list-style-type: none"> <li>No provision requiring DHHS to provide information on late contracts or late payments to nonprofits.</li> <li>The Center plans to work with legislators and state officials on late payment and late contracting issues in 2022.</li> </ul>
Medicaid expansion	<ul style="list-style-type: none"> <li>Not included in budget.</li> <li>Creates a Joint Legislative Committee on Access to Healthcare and Medicaid Expansion to make recommendations for healthcare access legislation for the 2022 short session.</li> <li>Extends Medicaid coverage for pregnant women for 12 months postpartum.</li> </ul>

<b>EPO benefit plans</b>	<ul style="list-style-type: none"> <li>The Senate budget would have allowed nonprofits and small businesses to offer exclusive provider benefit (EPO benefit) plans for their employees. EPO benefit plans are typically about 15% less expensive than other health insurance plans and allow participants to use a limited network of local health care providers while paying the full cost for any out-of-network health services other than emergency care. Potentially, this provision could provide a meaningful and affordable health coverage option for some nonprofits. A new law allowing for EPO plans was passed as separate legislation earlier in the legislative session.</li> </ul>
<b>Telehealth services</b>	<ul style="list-style-type: none"> <li>The House budget would have expanded coverage for telehealth services by licensed health care professionals and would have set rules for health plan coverage of telehealth.
